

# JOHN KELLY C. TEMEÑA

## WEB DEVELOPER

### PROFILE

Dedicated and detail-oriented Computer Science graduate with a strong foundation in full-stack web development. A consistent Dean's Lister and DOST-SEI Merit scholar, I've spent the past year mastering HTML, CSS, JavaScript, React, and Node.js through The Odin Project. Eager to leverage my skills and contribute to a dynamic team in a junior web developer role.

### WORK EXPERIENCE

**Achieve Without Borders, Inc.** July 2023 - Sep 2023  
Full Stack Developer Intern

- Performed basic system programming tasks and fixed system bugs gaining practical experience in troubleshooting and resolving Odoo system issues.
- Gained hands-on experience with Git and GitLab workflows.
- Developed proficiency in Python by utilizing the language for system development and adhering to Python development standards.
- Gained experience working in a Scrum environment.

**Pamantasan ng Lungsod ng Maynila** Feb 2023 - May 2023  
Lead Student Developer

- Developed an attendance system app using Python, PyQt5, and SQLite3. Collaborated with a team of 5 to design and implement a user-friendly GUI.
- Integrated facial recognition technology into a company's time and attendance system.
- Managed and maintained the SQLite3 database for the attendance application.
